“CompuChild Enrichment” is an organization dedicated to spreading “STEM, STEAM, and Entrepreneurial” education among children all over the world.

- ✓ Children build, code, and program exciting new robots
- ✓ Explore gears, motors, sensors, and engineering concepts
- ✓ One of the only two ‘STEM certified’ curricula in the country
- ✓ Design, test, improve, and innovate through hands-on challenges
- ✓ Learn through proprietary videos, quizzes, and games while building creativity, critical thinking, teamwork, and problem-solving skills
- ✓ Advanced students tackle complex coding and multi-mission robots
- ✓ Created by PhDs, EdDs, and seasoned educators
